Summary

I started coding and ethical hacking at a young age as a way to deal with my insomnia. I've always been curious about how the internet works and how web pages load and are organized, I stopped coding for a while and went into photography and cinematography, but I'm back to it fully now, my enthusiasm for photography and cinema remains alive and well; below you'll find examples of projects I've worked on that demonstrate my expertise and general development history.

Skills

HTML, CSS, Material UI, JavaScript, React, Redux, Laravel, Git, Responsive Design, BEM, CMS, SEO, OOP, Technical Skills, Project Management Skills, Problem Solving Skills, Time Management Skills, Critical Thinking Skills, Decision Making Skills, Excellent Communication Skills, Organization Skills.
